

KIM-VU SALAMONSEN

My name is Kim-Vu and I am a graphic designer. I completed a Certificate IV in Design in 2011. Since graduating I have worked for a number of freelance clients and within design teams. My passion for design, craft and textiles led me to pursue

a career in the creative industries and to continually learn and experience different varieties of design mediums. My aim is to gain more work experience and produce design outcomes that make a positive difference to the world.
